**Join us for this online webinar as we discuss how the Town of Caledon is making decisions these days and how they're fast-tracking development approvals.**

Using the recent Council decision to approve the Brookvalley development application (in pre-zoned Block A4) as an example, we will consider the possible implications of "developer-led" planning on our financial health and community well-being.

This webinar is an introduction for our upcoming in-person community meeting (details to follow) where we'll explore concerns with a number of massive developments in south Caledon, such as the Brookvalley (pre-zoned Block A4, Old School & McLaughlin Rd) and Alloa Argo (pre-zoned Block A1, Mayfield & Chinguacousy Rd) secondary plans and draft plans of subdivision.

**The public has a really important role to play in designing Caledon's communities, and yet we are being shut out of opportunities to participate.**

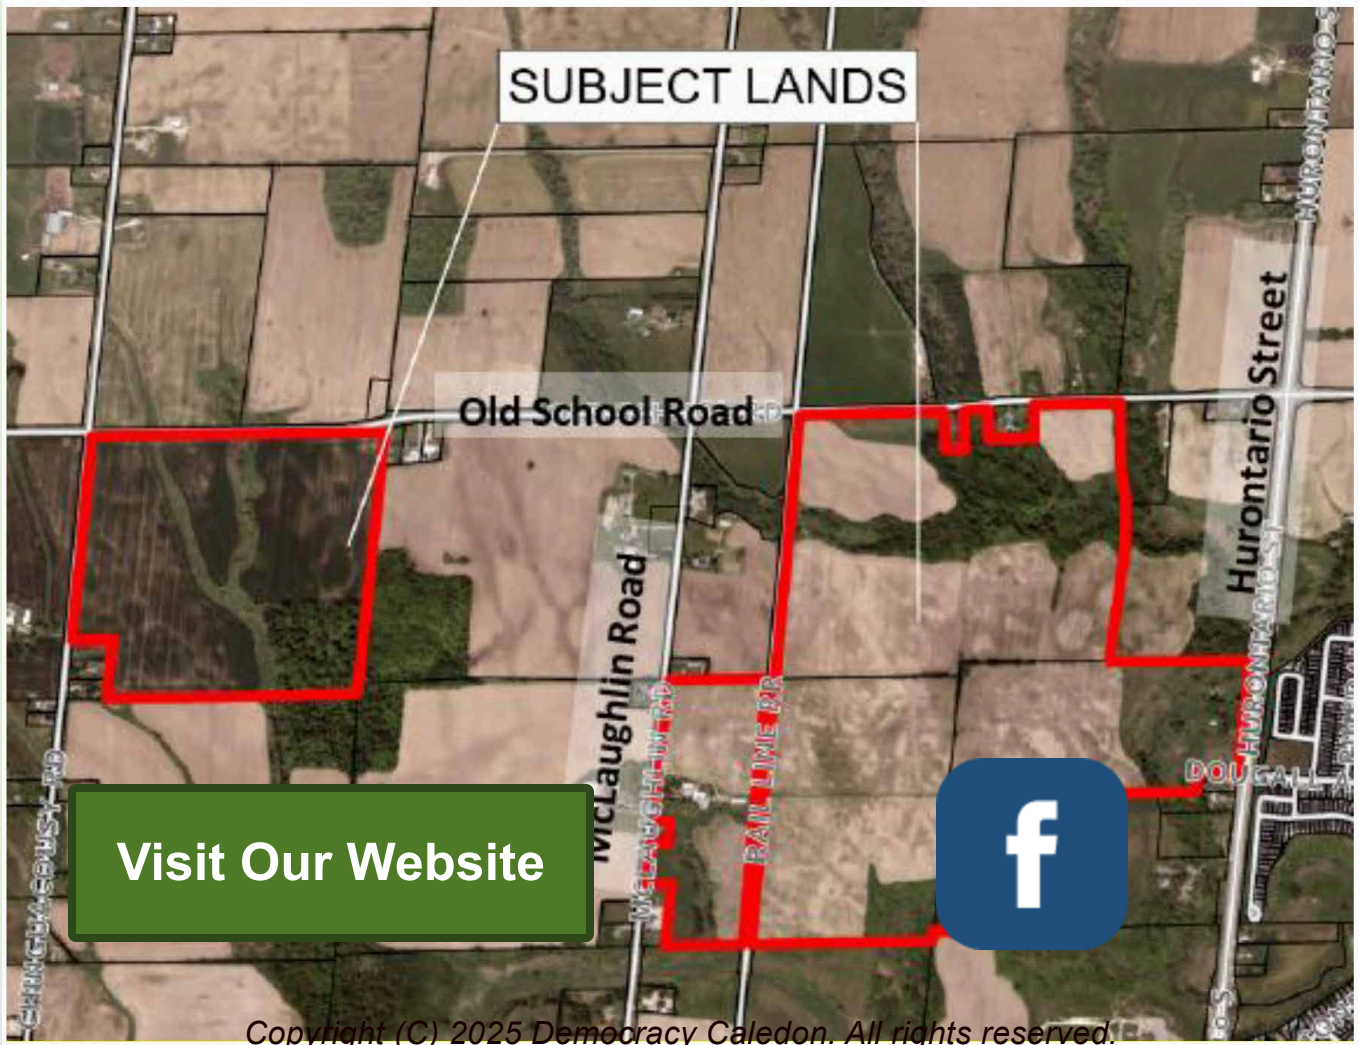

Come to the webinar with questions and share with others what actions you've taken, for example have you called or emailed the Mayor and Councillors, wrote to the local paper or delegated to Council? Interested in learning how to delegate to Council? We have tools on our website that can help.

***We are not against urban development***

***We are against development that doesn't serve the community***

Stay tuned.
